January 2021 - Issue 16

Habitat
for Humanity®
of Summit County

The year 2020 was like no other. Our programs and services and the families we serve have faced many challenges. Instead of looking back in disbelief, let's look for ways to emerge victorious. Supporting our Imagine Impact Campaign is a way to bring victory to Summit County. In the next 5 years, we will build and rehab 75 homes, repair 150 homes, change 1,000 lives, and mobilize 10,000 volunteers.

Victory is more attainable when one doesn't have to worry about one of life's most basic needs: shelter. But too many of our friends and neighbors were "at home" in overcrowded, substandard, or overpriced conditions as the pandemic spread. It shouldn't be that way. Imagine Impact is the movement that will bring hope and victory to Summit County.

Your support in 2021 for our campaign will help strengthen families in your community. Please consider donating, shopping at our ReStore and volunteering later in the coming year with Habitat for Humanity of Summit County. Doing so helps us partner with local families to build affordable homes and better futures, which in turn strengthens the desire to emerge victorious.

Wishing you and your loved ones a healthy and victorious New Year.

Rachelle A. Silvio

Tim's Construction Tip

"When mixing Durabond to do a drywall repair, use warm and dirty water. (Bucket water you've used for rinsing/cleaning tools) It sets up faster."
