

# Habitat for Humanity® of Summit County

## 2022 Annual Report Summary

January 1, 2022 to December 31, 2022

"As we moved through 2022 we faced our challenges head on with fierce determination. The rising construction costs impacted the number of homes we could build with families and we are grateful to our partners and supporters that came alongside us to make the year come together. A one time transformational philanthropic gift is working behind the scenes as we charge into 2023 to expand many of our programs to serve more families. Thank you all for your commitment to making Habitat for Humanity of Summit County the place families call to build their dream and repair the places they call home."

*Rochelle D. Sibbio*

- Rochelle D. Sibbio, President & CEO

number of homes

0

given away

"This is  
a dream  
come  
true."

6 homes sold with affordable mortgages

27 home repair projects completed

"Although last year had many challenges, there is a lot to be excited and grateful for as we continued serving more deserving families in Summit County. We are grateful for each person who has given so generously by building, serving on committees, attending one of our special events, working in the ReStore or making a donation. On behalf of the Board of Trustees thank you for your partnership with Habitat for Humanity of Summit County."

- Patrick Miller, HFHSC Board President
