

Habitat for Humanity® of Summit County

2022 Annual Report Summary

January 1, 2022 to December 31, 2022

"As we moved through 2022 we faced our challenges head on with fierce determination. The rising construction costs impacted the number of homes we could build with families and we are grateful to our partners and supporters that came alongside us to make the year come together. A one time transformational philanthropic gift is working behind the scenes as we charge into 2023 to expand many of our programs to serve more families. Thank you all for your commitment to making Habitat for Humanity of Summit County the place families call to build their dream and repair the places they call home."

"Nelson Henderson once shared the true meaning of life is to plant trees under whose shade you do not expect to sit. Habitat for Humanity is blessed with many generous individuals and families who embody that exact spirit of selfless generosity and philanthropy. Thank you for your continued belief in the mission and work of Habitat for Humanity. Housing remains a tremendous challenge in our community, but together we will continue serving families in search of their own pathway towards a brighter future."
