

Join us in celebrating **RED Fridays at ReStore**

Habitat for Humanity of Summit County is participating in RED Fridays, which is a national campaign to remember everyone deployed by wearing red in support of veterans, active-duty military, and their families. RED stands for "Remember Everyone Deployed." The color RED is a reminder to take the time every Friday to remember those deployed.

Our team is proud to include veterans Dave Popovich and Daniel Metz, both of whom will be wearing RED shirts. Dave served in the Marine Corps and Dan served in the Army. We invite you to show your support for them and all those who have served our country by wearing red on Fridays!

Veterans, Daniel Metz & Dave Popovich

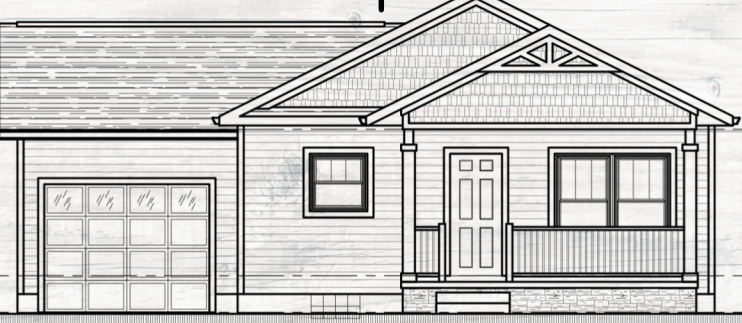

Groundbreaking 16 Home Development at Silver Maple Ridge

Thank you to all who celebrated the groundbreaking of our largest project in our affiliate's history! Silver Maple Ridge will consist of 16 homes and the creation of a brand new park in the City of Akron. The construction of these homes is a significant step in our mission to provide affordable homeownership opportunities to deserving families in our community. We would like to express our gratitude to the elected officials, donors, volunteers, and future homeowners who joined us in commemorating the start of this project. This wouldn't be possible without your support!

Meet Loyal Volunteer Steve!

By: Briana Cantrell,
Family Services Manager/QLO & Volunteer Coordinator

Meet Steve! Steve has been a loyal volunteer at Habitat for Humanity of Summit County since the spring of 2017 and has completed over 1,500 volunteer hours. Before volunteering with Habitat, he knew of the organization and thought it was a good cause. Steve enjoyed building and working with his hands so he believed Habitat for Humanity of Summit County was the perfect fit for him! Steve also enjoyed the idea of helping families build their very first home! He loves the feeling of knowing he helped them accomplish this goal in life.

Steve's favorite part of volunteering is working with the other loyal volunteers and Habitat staff. His favorite days are when he is out at the build sites – especially at the beginning phases of the build cycle. He especially enjoys framing the home and putting up the siding. Steve has also gained knowledge from volunteering with Habitat which helped him with personal projects. Steve's best memory while volunteering with Habitat is the first home dedication that he attended. Steve enjoyed seeing what a big deal it was to the family and described it as a "warm experience". When asked what he would say to those individuals who might be considering volunteering with Habitat, Steve replied, "If you are at all interested, come try it! You do not need any experience but you must be willing to donate your time. The Site Supervisors will teach you everything you need to know. Keep in mind that any mistake can be fixed!" Thank you Steve for all your hard work and dedication to Habitat over the last 6 years!
