Habitat for Humanity of Summit County Home Repair Program Process

- 1. Submit a completed application for home repairs with all required documents (a list of required documents can be found above).
- 2. If your application is approved, you will receive a notification letter outlining the next steps. If your application is not approved, you will receive a notification letter which will include the reason for denial.
- 3. If approved, you will receive a call to set up a Home Repair Assessment which will completed in your home by a Habitat Construction staff member. This 1 hour assessment will review the repairs & modifications you have requested in your application. Please keep in mind we may not be able to accommodate all your repair requests.
- **4. Only applicants over the age of 60:** If approved, you will receive a call to set up a Holistic Assessment which will be completed in your home by a licensed Physical or Occupational Therapist. This 1-2 hour assessment will review your comfort level navigating inside and outside your home. There is no cost to you.
- **5.** After the initial home repair assessment, the Habitat Construction staff member will contact you to discuss the Scope of Work, the costs associated with the repairs and share with you any grant programs we may have to assist in paying for the repairs. At this time you will be asked to sign off on paperwork for us to order materials and make a \$50 down payment (we accept check or money order)
- **6.** Once the materials arrive in our warehouse, a Habitat Construction staff member will contact you to schedule your project and begin the home repairs/modifications.
- 7. Once the home repairs and modifications are complete, Habitat Construction staff will submit all final paperwork to their supervisor who will prepare a promissory note (if there is not enough grant funding) and meet with you again to sign the final paperwork and bring you copies of all receipts and warranties. Promissory notes are 0% interest to cover the costs of materials and payable on a monthly basis.
- 8. Only applicants over the age of 60: You will receive a call to set up a Homeowner Post Assessment which will be completed in your home by Habitat's Aging in Place Coordinator. This 1 hour assessment will review your comfort level navigating inside and outside your home since the repairs have been completed.
